Dr. Peggy A. Mathis
Interim Superintendent

Jesse Rickard
Director of Business Services

October 31, 2021

Dear Parents, Guardians, and Families:

In accordance with the District's COVID-19 Return to Learn Safety Mitigation Plan, the District has reviewed the most recent data available from the Centers for Disease Control. The data for Mason County indicates a COVID-19 positivity rate of 17.09% for the date range of Friday, October 22, 2021, through Thursday, October 28, 2021. The District plan identifies the requirement for staff, students, and visitors to wear a mask that covers both the nose and mouth when the Mason County positivity rate reaches 10.0%. In response to this updated CDC information, the District will be requiring masks for this week of school, beginning on November 1, 2021.

Thank you for your continued patience and support of the District as we have worked through the complications resulting from the pandemic. Have a great week, and stay healthy!

Sincerely,

Dr. Peggy A. Mathis
Interim Superintendent
